OFFICE OF THE SECRETARY,
MYSORE STATE LIFE INSURANCE COMMITTEE,

Bangalore, dated 8th Sepr. *1916*.

No. 159
Enc. 1

FROM M. N. Krishna Rao, Esq.,
~~[illegible]~~
Secretary, Mysore State Life Insurance Committee,
Bangalore.

To Rajamantrapravina Dewan Bahadur
J. S. CHAKRAVARTI, Esq., M. A., F. R. A. S., etc.,
Financial Secretary to the Government of His
Highness the Maharaja of Mysore, Bangalore

SIR,

I have the honour to report for the information of Government that the Policy Forms appended to the Rules for State Life Insurance, Public Branch, and sanctioned in Government Order No.Fl.173-22/G.F.64 15-4 dated 7th July 1916, were found to require some slight verbal modifications as noted in the accompanying forms and these alterations have been adopted after duly obtaining the approval of the Government Advocate and the forms as revised have been sent to the Press for being printed.

I have the honour to be,

Sir,

Your most obedient servant,

SECRETARY.

RULES

FOR THE

MYSORE STATE LIFE INSURANCE.

(PUBLIC BRANCH.)

The Mysore State Life Insurance Scheme for the non-official public sanctioned in G. O. No. 2704-53—G. F. 64-15-1, dated 16th December 1915, shall be conducted under the following rules:

2. The Government reserve to themselves the right to add to or modify these Rules and the rates contained in the tables appended thereto at any time but such addition or modifications shall have no retrospective effect as regards any contract effected before the date of such alteration.

3. In these Rules—

The term "Proposer" means the person whose life is proposed to be insured.

The term "Insured" means the person who has insured his life under these Rules.

The term "Policy" means the written document containing the contract for the payment under these rules of a certain sum

of money on the occurrence of the event specified therein in consideration of the premium paid by the insured.

MANAGEMENT.

4. The Scheme of Life Insurance for the non-official public shall be kept separate from the Scheme for the Mysore Government officials but the same Committee and office that manage the latter Scheme shall manage the former also for the present. The accounts and other books of the non-official Scheme shall be separately maintained and all its business so conducted that at any time it may be entirely transferred to a new and distinct office.

GUARANTEE.

5. The amount insured by policies issued under these rules shall be payable from the Mysore Revenues.

WHO ARE ELIGIBLE TO INSURE UNDER THESE RULES.

6. Only persons who are natives of the Mysore State or are permanent residents therein shall be eligible for insurance under these rules. Government officials shall not be insured under these rules unless they are insured for the maximum amount admissible under the rules of the Official Branch or desire to have such policies as are not provided for by those rules.

NATURE AND MAXIMUM AND MINIMUM LIMITS OF POLICIES.

7. Any person may obtain Insurance Policies on his or her own life for a minimum of **Rs. 100** and up to a maximum of **Rs. 5,000** according to one or more of the Schemes shewn in Tables I to IV appended hereto.

NOTE 1.—Women are eligible for insurance, but in their case a small extra premium may be charged which will depend on their civil condition and other circumstances.

NOTE 2.—Lives exposed to military risks may be accepted on terms which will be intimated on application. The same remark applies to persons following other hazardous occupations.

PROCEDURE FOR APPLYING FOR INSURANCE.

8. Any person who wishes to insure his life under these rules, shall obtain the requisite proposal form (*vide* Form I) from any District or Taluk Treasury. A proposal form will be supplied free to any person at such Treasuries on application either by letter or in person.

9. The proposer will fill up and sign the form and attach to it (*a*) a certificate signed by a Government employee or a Village Officer stating the native Village, Hobli, and Taluk of the proposer. On this certificate the distinctive physical marks of identification of the proposer should be carefully noted or if there are no such prominent marks his right and left thumb impressions carefully

taken. (*b*) A document of the kind referred to in the note at foot of the proposal form proving his age. He will then send the proposal with its accompaniments to the Secretary to the Insurance Committee.

10. If the proposer is illiterate, the certificate referred to in Rule 9 must bear his thumb impression.

MEDICAL EXAMINATION.

11. The Secretary shall arrange as early as practicable after the receipt of a proposal, for the Medical Examination of the proposer in consultation with the Senior Surgeon. Notice shall be sent to the proposer by the Senior Surgeon giving the name of the Medical Officer by whom the examination will be conducted.

The Medical Officer will communicate to the proposer the time and place of the Medical Examination. In fixing such time and place the convenience of the proposer as stated in his application will be consulted as far as possible.

12. The applicant shall appear before the said Medical Officer at the appointed time and place and answer truly all the questions contained in the form of the medical report and any other that may be necessary for making a complete medical report.

13. The Medical Officer will send his report and connected papers in a sealed cover to the Senior Surgeon who will forward it to the Secretary, Insurance Committee, with his own remarks. All matters

regarding insurance cases shall be treated as strictly confidential in all offices. The Medical Officer must carefully verify the distinctive identification marks given in the certificate attached to the proposal form. In all cases in which there are explicit instructions in the matter, the thumb impression of the proposer should be taken by the Medical Officer in the proper place on the medical report form. In cases in which he is so requested by the Secretary or the Senior Surgeon, the Medical Officer, should, when asking the proposer to appear before him, require the proposer to bring with him satisfactory witnesses for his identification and he should attach the statements of such witnesses to the Medical report.

ISSUE OF POLICY AND PAYMENT OF FIRST PREMIUM.

14. When a proposal for Life Insurance has been accepted due notice thereof in writing shall be sent by the Secretary without delay to the proposer calling upon him to pay into any Government Treasury the first quarterly, half-yearly or the yearly life insurance premium as has been agreed upon, within thirty days from the date of notice and to forward the Treasury Receipt therefor to the Secretary to the Insurance Committee. On receipt of the said Treasury Receipt, a life insurance policy shall be prepared in the appropriate Policy form appended to these Rules signed by the Secretary to the Insurance

Committee and forwarded to the insured by registered post with a receipt book for recording subsequent receipt of premium. If the proposal has been rejected or otherwise dealt with the Secretary shall communicate the same to the proposer.

In cases in which the annual premium exceeds Rs. 48, arrangements will be made if the policy holder so desires to receive the premium in monthly instalments, which will be one-third of the quarterly premium taken to the next higher anna.

NOTE.—For the purpose of issue of a policy the age of the proposer shall be taken to be the age at his last birthday, or next birthday, whichever may be the nearest to the date on which the first premium has been paid. If it be equidistant, it shall be taken to be the age at his last birthday.

LIFE INSURANCE CONTRACT TAKES EFFECT FROM DATE OF FIRST PAYMENT.

15. A life insurance contract shall have effect from the date of payment of the 1st instalment of the insurance premium, notwithstanding the issue of a policy on a different date. If the first instalment payment is not made within the time specified in Rule 14, the whole proceedings shall stand cancelled and they shall commence *de novo* if the proposer desires to come up again.

PAYMENT OF SUBSEQUENT PREMIUM.

16. Instalments of the insurance premium for

each subsequent quarter, half-year or year as has been agreed upon by the insured shall fall due to be paid on the first day beginning the quarter, half-year or the year. The Officer in charge of the Treasury into which the premium is paid shall acknowledge the payment under his initials and date in the Receipt Book produced therefor. The period for which the insured at first agrees to pay premium, may be changed to any other at any time to suit his convenience by applying to the Secretary to the Insurance Committee. In cases in which premium is paid half-yearly, quarterly or monthly, the balance of the year's premium will be deducted from the assured amount before it is paid.

17. A grace of 15 days for monthly and quarterly payments, of 30 days for half-yearly payments and 60 days for yearly payments is however allowed.

EFFECT OF NON-PAYMENT OF PREMIUM.

18. A life insurance policy the premium due on which has not been paid in the manner provided in Rules 16 and 17, shall not lapse if the insured dies within the period of grace and the sum assured by it shall be paid to his nominees or legal heirs declared as such by a competent Court of Law in the Mysore State after deducting the premium due. Otherwise it shall lapse and all claims to the sum assured by it forfeited.

HOW A LAPSED POLICY MAY BE REVIVED OR SURRENDER VALUE SECURED.

19. A lapsed policy may be revived on payment of all arrears of premium with compound interest at 4 per cent per annum, (1) if application for renewal is made within six months from the date of lapse accompanied by a declaration signed by the insured before a Magistrate to the effect that the insured continues to be in good health, and (2) if made at any time thereafter, by production of satisfactory detailed medical certificate obtained from a Medical Officer to be approved by the Committee on payment to him of a fee of Rs. 4. If it is not so revived, a surrender value of not more than 40 per cent of the premium paid without interest may be obtained on application within a year from the date of default to the Secretary to the Insurance Committee to whom the policy should be surrendered.

CONDITIONS OF ISSUE OF PAID-UP POLICIES.

20. A lapsed ENDOWMENT POLICY which has been in force for not less than three years may be exchanged for a fully paid-up policy, the amount of which shall bear the same proportion to the original amount assured as the premium paid bears to the amount payable if the insured lives till he completes the stipulated age.

A lapsed WHOLE LIFE POLICY which has similarly been in force for not less than three years may also be exchanged for a paid-up policy the amount of which will be intimated on application.

PAYMENT OF POLICIES.

21. The amount assured by a policy issued under these rules, if it is an ENDOWMENT POLICY shall be paid to the insured after its maturity in the ordinary course. If it is WHOLE LIFE POLICY or in cases of endowment policies in which the claim arises by death, the payment will be made to the surviving registered nominee of the insured (*vide* Rule 22) or his legal heirs as the case may be, on surrender of the policy.

NOTE.—Policies are not rendered void by death from suicide if they have been in force for at least one year.

REGISTRY OF NOMINATION.

22. An insured person may apply to the Secretary to the Insurance Committee in the form prescribed therefor to register the name of any person whom he may wish to nominate to receive the amount assured by his policy in case of his death and the amount shall be paid to such nominee, or if the nominee is a minor, to his appointed guardian, on satisfactory proof of death of the insured and on surrender of the Policy. Should the insured die without registering his nominee or before his nomination application has been accepted by the

Insurance Committee, the amount shall be paid to his legal heirs declared as such by a competent Court of Law in the Mysore State and on the surrender of the Policy.

NOTE.—An authenticated extract from the MORTUARY REGISTER of the place where the Insured has died and the statement of two respectable persons who have personally attended the cremation or the burial of the dead body of the Insured, may be considered sufficient proof of death.

23. When the person nominated dies before the Insured, the nomination becomes *ipso facto* void and the heirs of the nominee will have no claim.

When more than one person are nominated, the sum assured will be payable to all of them jointly or to survivors at the date of death of the Insured. The heirs of nominees dying before the Insured will not be recognised.

An insured person making a nomination may cancel it or make a different nomination at any time.

MISCELLANEOUS.

24. An actuarial valuation of the assets and liabilities of the Funds of the Life Insurance Scheme, Public Branch, shall be made once in FIVE years.

As the Government of His Highness the Maharaja do not desire to derive any profit from the Public Insurance Scheme, surpluses declared by the Actuary will be distributed amongst the policy-holders or otherwise utilized for increasing the

stability and soundness of the Fund. The decision of Government in such matters will be final.

25. If an Insured should lose his Policy or a Premium Receipt Book, a duplicate thereof may be issued to him by the Committee on his paying a fee of four annas for the Policy and two annas for the Premium Receipt Book.

26. False information furnished by a proposer or an insured or production of any false evidence in the matter of the insurance of his life or other points connected therewith shall render his policy null and void and the premiums paid by him shall be forfeited.

27. Loans on policies issued under these rules and other usual facilities will be provided for gradually under separate rules framed in that behalf.

EXAMPLE.—A person aged 25 years may secure a Policy for Rs. 1,000, payable at his death by paying a premium annually of Rs. 24-11-0 or half-yearly Rs. 12-6-0 or quarterly Rs. 6-3-0.

A Policy under this table affords an easy and convenient means of providing for family and other dependents, in the event of death of the insured person whenever that may happen.

TABLE II.

WHOLE LIFE INSURANCE BY LIMITED PAYMENT.

Under this Scheme the Policies are payable at death; but the premiums cease at the end of a specified term of years 10, 15, 20, 25 or 30. After that no more premiums are to be paid. These Insurances are therefore specially adapted to the requirements of those who may not wish to undertake the responsibility of paying premium in their advanced age owing to their diminished earning capacity.

(*For table see pages 24 and 25.*)

be found convenient in the manner set down in the table.

This form of Life Insurance has the advantage of enabling a person to secure a family provision during the most active earning period of his life and to be relieved of all anxiety in his old age.

TABLE III.

ENDOWMENT ASSURANCES.

These assurances provide any required sum on the assured attaining a selected age or at his death if he dies previously. These contracts therefore make provision for the insured person himself in his old age on retiring from work, and also provide for his family and other dependents should he die early.

Endowment insurances form an increasing majority of the policies taken out by the insuring public.

They are deservedly *most popular, for there is no better, surer or more profitable means of investing small sums for the desirable objects referred to above.* By fixing the age at which the policies will mature at 45, 50 or 55, these policies can be adapted to the peculiar requirements of each individual case.

(*For table see next page.*)

45	...	...	...	...	...	...	100 5	50 3	25 2

EXAMPLE.—A person aged 25 years may secure a policy for Rs. 1,000, payable in his 45th, 50th or 55th year by making 20, 25 or 30 annual payments each of Rs. 48-4-0, 38-12-0 or 33-2-0, respectively. These payments may also be made according to convenience half-yearly or quarterly as set down in the table.

This form of life insurance is most popular inasmuch as it not only ensures any desired sum at the specified ages of the insured when it may be wanted but also a family provision should the Insured die before attaining that age.

TABLE IV.

CHILDREN'S ENDOWMENT TABLE.

The Policies granted under this Scheme are specially adapted to supply a distinct want in providing for children. The sum assured is payable absolutely at a specified date, subject only to payment of premium during the life of the father or guardian in whose favour the policy is effected; and if this person should die before the expiration of the term, the policy becomes fully paid. Should the child die before the expiration of the term, the premiums can be refunded or the payment of premia can be continued. In the latter case the benefit of the sum assured at the end of the term would vest in the person who had effected the policy or his other representatives.

NOTE.—To find the premium, deduct the age (next birthday) of the child from the age when the endowment is payable and the result will show the number of annual payments. The premium will then be found from the number of annual payments in the following table according to the age of the Parent or Guardian.

EXAMPLE.—A father, aged 30 endows his child, age 1 next birthday for Rs. 1,000 payable on his child attaining 21 years of age. The annual premium is found against Parent's age 30 in the column 21 minus 1 or 20. This is Rs. 43-10-0. If the father should die while the policy is in force, the endowment becomes a paid-up-policy for the full sum assured, and matures when the child attains 21 years of age. In the event of the death of the child, all the premiums that have been paid will be refunded without any deduction whatsoever.

The parent or guardian who makes the proposal must undergo the usual Medical Examination.

(*For table see pages 31 to 34.*)
